## WINE REGIONS WE VISIT

Bannockburn and Bendigo, two of Central Otago's most renowned wine regions, offer an exceptional collection of private and boutique vineyards, each with its own unique character. Known for their stunning landscapes and exceptional cool-climate wines, these regions provide an exclusive opportunity to taste millennia of glacial influenced terroir.

- **Bannockburn:** known as the "heart of the desert," features boutique vineyards producing world-class Pinot Noir, Chardonnay, and other varietals. The region's warm, dry climate and rocky soils give the wines unique characteristics influenced greatly by terroir and climate.
- **Bendigo:** Bendigo's rugged terrain and warm, sun drenched climate create ideal conditions for producing rich, intense wines. The rocky soils and heat retention influence distinctive Pinot Noir flavors, embodying Central Otago's bold character.

The vineyards we visit are dedicated to crafting exceptional wines that beautifully reflect the unique terroir of the region. Private tastings in Bendigo and Bannockburn offer exclusive, behind the scenes experiences with vineyard walks and personal conversations with passionate winemakers. Each visit creates an unforgettable, immersive journey through Central Otago's finest wine offerings.
